DOMETIC

Australis Coastline

When you know better, you do better and the result is our feature rich, custom-designed Australis Coastline series.

Created from our combined 30 years of industry experience, the Australis Coastline series includes the features you wish you had asked for, in a truly innovative family caravan that is built for exploring Australia.

Key to the Coastline design is the integration of our modern layout, contemporary finishes, smart storage and safety features, built by master caravan craftsmen.

When you know better, you do better and when you look inside the Australis Coastline, you will know why.

Australis Caravans is driven to design and build innovative, modern caravans with the right combination of features, smart comfort and safety. Our foundation of over 30 years of industry experience combined with our master caravan builders has produced a range of caravans for exploring the great Australian coastline, overland and high country.

Features

- Smart layout with maximised liveable space and storage.
- Cutting edge technology design, featuring Modular CNC cut furniture for an ultra-modern look.
- Contemporary colour schemes for each model to reflect Australia in 2021.
- Built tough on superior Road King Chassis, for Australian road conditions.
- Smooth ride –ALKO Enduro Cross-country independent suspension &
- 16 inch All Terrain tyres standard.
- Quality fittings throughout using Road King, ALKO, Dometic, Thetford and Aussie Traveller products.
- Feature packed with Ibis air conditioning, Webasto diesel heater, 182L Thetford 3 way fridge, fan forced oven, large ensuite, filtered water tap, external shower, 95L Grey water tank and two 95L fresh water tanks.
- Smart storage throughout including our large tunnel boot with room to fit what you need on one side and even includes a BBQ slide out to suit a Weber Q on the other.
- Rollout awning, 6" chassis and extended A frame & checker plate tool box with jerry can holders & generator slide.
- Technology – BM pro HA lithium ready charger transformer with Trek display that links to your smart phone, 2 x 105A AGM deep cycle batteries and 2 x 190W solar panels.
- Safety is paramount. All our vans come standard with the ALKO ESC (Electronic Stability Control) & Reversing camera.

Explore... Relax... Enjoy.
